Frank,

On behalf of the Prince George 2008 BC Seniors Games Board of Directors, I would like to thank the Prince George Amateur Radio Club for, once again, providing services to help with Dispatch and Transportation during our Games September 10 – 13, 2008.

I apologize for the delay in sending out this letter but in wrapping up an event, every thing takes a bit of time.

You and your group were a great asset to our Games - Your participation, your knowledge, your volunteerism, your manpower, your hours of setup, operating the unit, your equipment. This was all provided in-kind and really cannot be measured in \$. A very big THANK YOU goes out to you and your group. You provided **201 project hours** between meetings with our Committee, with the Transportation Director and his Committee, with various briefings at City Hall, with preparing the trailer for this event, transporting it to and from the location it is stored, and with operating the equipment during the Games for 3 full days.

It was a pleasure to work with you and your team, Frank, and we appreciate all you did for our event, to ensure making it a great success. In providing this in kind donation, you helped us achieve our goal of leaving a legacy in Prince George. This legacy will be discussed at future City Council meetings.

Again, thank you, and we wish you good luck and good times at operating your unit at other special events. What a great system you have set up.

Yours sincerely,

Helene Rohn
VP, Director of Administration
